EASY INSTALLATION

Compact dome camera is discreet & sees wide angles in 1080p HD

- Seeing is believing with 1080p (2.1 Megapixels) HD perfect for close up detail such as license plates, faces, clothing colors & more
- See a wider field of view over a shorter distance with the powerful fixed 3.6mm lens
- Latest infrared cut filter & LEDs produce amazing night vision clarity in low light to 65ft/20m, with sturdy aluminum camera construction to suit indoor & outdoor applications with IP66 rating for any weather conditions
- Camera features a built-in microphone so you can see & hear what's happening^ and longer 100ft/30m cable offers more options when choosing a mounting location for the camera
- Use the On-Screen Display (OSD) controller & built-in software to customize the camera settings including color, brightness & wide dynamic range for the best video quality every time
- This camera can be used in combination with other analog HD surveillance technology including AHD, TVI, CVI from Swann & other brands. It's the perfect addition if you already have a recording solution (DVR) & need extra cameras
- A compact dome surveillance camera that's small in size yet has powerful features & it's perfect for discreet surveillance in wide areas such as offices, entrances, reception areas, living rooms, yards & more
